Já ha algum tempo que vejo e gosto dos seus videos, tenho understood alguma coisa, mas é uma informação solta e a minha vontade de aprender tudo ao mesmo tempo ends by becoming confusa. Complete! superior superior superior Murad mudou meu jeito to play pra sempre " or melhor set of piano courses that fear na internet. I recommend mute, it's worth it. RECOMENDO !!! " Excellent stubbornness. Of course you'll be able to find out more também styles, some voices that are interesting to you to watch music by outro view that only quem vem do mundo do jazz cane provide. " Top Course !!! Abrange uma grande quantidade de voices legais, enrich demais as aplicações nas musicas, tudo com uma didática fora do normal, o Murad knows to go detalhes and explain, não é sair reproduzindo movimentos de outros clavedistas tops sem know based on as coisas são feitas. Course, Didática, Material e Professor Show !!! " I began to tempt to apprehend mais of jazz to some years, I saw some courses na internet e cheguei to acquire and me morpendi, because as times a pessoa plays muito e não tem uma boa didático e isso frustrou todo a minha vontade de tentar aprender um poucos de Otimo, ótima didática, vale a pen fazer o COMBO DOS CURSOS para AGREGAR CONHECIMENTO para ENTENDER ALL OR PROCESS. Or instructor disse no Youtube, which we see to stute cirurgically, pouco a pouco com novas dinâmicas e speeds, libertando-se da anxietye oprim. " I want to deix here you meus parabens hair excellent course, professor! Hoje, vejo a rearmunização de uma maneira different, mais livre e ao mesmo tempo mais conscious. Ele explores enough quartais chords and playing Jazz just using this technique traz uma sonoridade unica. Um two melhores courses Online, com Mentoria que eu já vi !!! "Old count, didatic perfeita, easy understanding,sensational. Thanks. In Samuel's courses, I am acquiring the knowledge I wanted for years and had not found. This course is ideal for those who want to increase the chords, give the songs a modern attire and bring a closest sound of Neo Soul, apart from the fact that some time they study, you end up opening the mind and having some different perspectives Of the music, the music, the music, the music, the music, the ESO sometimes helps you to think of your own voice or insert more sophisticated chords at the right moments, bringing a unique sound. "Olá é or Murad I am a soil pianist with work in Hoton and, sometimes, in Casino (piano bar) and sometimes the singers who accompany are only piano and voice. Beautiful city of Coimbra. " The best course that I already acquired and the support of Professor Samuel is the difference for development. " "Friend, this one without Dan is the best piano course that exists in Brazil! In addition to the personalized study plan, each Week has new material and Murad is always compatible, increase ... not to mention in the context that it is a complete man ... MURAD, OBG for everything, you did, I evolved in 1 year what not even even So you learn in 10 years. Unfortunately, there is a lot of incorrect information on the Internet. Clica at a high level. I have some numbers in harmony, rearma, replacement of chords, chords that pass, etc., in the function of having passed 32 years without touching the piano (the professional life of the MV did not allow it). This is the moment of my life that I am totally dedicated to piano. Well, to summarize, the course is excellent! It helped me a lot to improve the way I play, think about the mther in different perspectives and remedy doubts that I had in the application of some things. The basic building blocks of music theory are harmony, melody, and rhythm. Harmony describes the blend of multiple, simultaneous notes. Different combinations of notes create different effects and feelings; consonant harmonies tend to sound pleasing, while dissonant harmonies introduce tension and can sound "unpleasant" — although many do this for an intentional effect.
